Quite a number of new cases appear to be of secondary infection, in sub foci.

An exceedingly ugly center of infection was unearthed in St. Charles parish today by Dr. Corpul of the marine hospital service. Two days ago he unearthed six cases on the Diamond plantation and today he found two more cases on that place and eleven cases on the Reserve plantation, eleven miles further north, and one case on the Sarpy plantation. It is believed that more than thirty Italians have left this group during the last bill for the cost of the war without Imperial University of Toklo, who has week, but there is no trace of them nor will there be unless infection should develop among them at their places of refuge.
